at 894-6112, New Brockton; Commissioners Court, 897-5430, Elba; Probate Office 897-2211, Elba, or simply by notifying the county commissioner serving the respective district.

The part about notifying the commissioner is where the confusion has apparently entered the picture. However, the law establishing the unit system for Coffee County clearly states in Section 1 that the, "commission SHALL set the necessary policies and priorities for the construction, maintenance and repair of all public roads, county highways, bridges . . . within Coffee County." The law continues with, "It SHALL be the further duty of each associate member of the commission to inspect the roads of his district from time to time, and hear the suggestions and complaints of the citizens and report the same to the commission with his recommendations; to advise with the county engineer concerning the problems of his district, particularly; and to assist in securing rights-of-ways, and assist in public service generally. It shall be the duty of the County Engineer to provide the necessary equipment and personnel to respond to any request of an emergency nature made by an associate member of the Coffee County Commission or any citizen in the absence of a commissioner wherever and whenever an emergency shall arise in Coffee County.'

While the bold print is our doings the law clearly states that the commissioners are the boss. To further clarify this matter, the commissioners and the county engineer, O'Neal Ham agreed when he was hired that the minutes of the commissioners meeting would reflect that the engineer worked FOR THE COMMISSIONERS and that he would respond to any reasonable and legal request of an individual commissioner on matters such as repairing a particular road or bridge.

We have heard numerous complaints from county residents that they didn't know who to call about road problems and this should clear the matter up. Nor should anyone hesitate calling a commissioner. He is elected and paid to do his job and while it is only part of his job It Is A Part Of It. Also the County furnishes EACH commissioner with a pick-up truck, gasoline and expense money to do his job. Each of these men are eager to improve conditions in Coffee County and needs to know if there is a problem in his respective district.

BRAINSTORMS With Ferrin Cox

The National Guard gave me the royal tour at Camp Shelby last Friday and again on Saturday at Ft. Rucker. Sp./4 Mike Reeves was assigned Friday as escort and he had been briefed the day before on what to expect and how to deliver - - Mike did his job well and I saw the Guard in action - from washing tanks to marching in a formal parade. Lt. Co. Lewey Stephens led us to his air conditioned quarters during mid afternoon for a short cooling off period in front of the air conditioner! Now, he was a life saver, cause I was beginning to boil.

Saturday the New Brockton Guard unit was at Ft. Rucker and threw open the tent flaps to show the press what was happening. Captain Wayne Grantham, commander of the Brockton unit talked a lot about map making that apparently he understood bu was clear-as-mud to me. We ate lunch (2 helpings of bee stew) with Col. Hornsby. Hornsby is called Captain when he is on his civilian job with the Alabama Highway Patrol. Later was told by Mess Sgt. Jimmy Bush that while I was eating the stew, the New Brockton unit was eating steak and taters. Til yet, I am not sure it was fact or harassing the press.

After all the eating free groceries with the National Guard, Saturday afternoon myself and two Dothan newspaper representatives were presented certificates naming us "Honorary Recruiters" for the Guard This was General Rollo's idea and was signed by him. The gesture is appreciated.

Our police department is quietly going about their duties even though we may not be aware of them. Twice during the past week they have called me late at night with a gentle reminder that the Clipper back door was unlocked. Business folks should have enough sense to at least lock their doors at night, but when we don't it is good the police officers shake doors

Our city government has had some extreme ups and downs during the past year. In such situations we often overlook some worthwhile actions taken by the members. Our city council months ago contracted for a firm to study our airport needs and come up with a 20 year plan. Recently they also entered into a contract for the same type planning on our sewer needs. Now when they get their consulting firms checked out and get a study and 20 year growth plan for urban improvement urban renewal) our city should have a master plan for orderly growth and development. Besides the federal government we all bad mouth won't spend matching money in the area until these long range plans are complete.

Sure don't know what is going to happen now but the recent ruling that school folks serving in the legislature can't vote on school legislation is throwing a curve at the schools Whether this is good or bad, it points out the monstrosity the last legislature passed for an ethics bill. It seems to still be

the general opinion that all the extras were added to the bill in hopes they would cause its failure and this backfired. Probably when all is said and done, a new ethics bill will have Letter to the to be passed if we are to have any workable ethics law at all.,

Monday afternoon just before six o'clock Attorney Robert Cannon was seen bending over the flowing well on the square After the usual insults directed at him about his water being cut off at the office, etc. Cannon remarked he was just cleaning off the well, which was badly needed. When I suggested that he wait for me to get back with my camera his response was very quick. Cannon suggested that anytime I made his picture, he would like to be in front of a bank or something like that! Now Cannon you know that a lawyer toting money to the bank or you going to church on Sunday is not the exciting news us "yellow journalist" use to sell newspapers.

Slow-Down Premature Aging -- and Live a Lot Longer!

By LELORD KORDEL

Number Twenty-Three of a Series It was a physician with whom I sat during a flight from California to Chicago who pointed out the tremendous physical power of a positive mind. According to his estimate, 60 percent of the people were sick because of maladjusted minds and souls. Perfect health depends on the proper balance of physical, mental, emotional.

An abused, undernourished,
harassed body generally houses cal balance in your body, you a mind incapable of optimum restore functional balance and

thinking and reasoning. As the check the effects of stress upor body's central 'power station, your system. Often, by relieving the brain must be kept in top some of the physical tensions physical condition so its mental caused by hidden hunger, you can soften the inner climate in The man or woman who pro- which you must do your thinkvides for the sunset years— ing. It is much easier to enlist physically, mentally, and emo-tionally—fulfills Browning's po-etic prophecy. "The best is yet conscious aid if it is not preoccupied with hunger.

Women's Lib Strikes Again

Women's Lib has just struck another blow, this time in the Navy. By a bill just signed to enlist, but not report to action to act of the CACHE program, which allows a young woman (or man) to enlist, but not report to act years old can now enlist in the Navy, with parental consent, and advanced electronics fiethe same as their male coun- lds

Women who want to be "So-They can also now enlist meone Special intoday's Navy without parental consent if 18 can obtain more information or over, again the same as for men. Before the bill was signed, a woman in Alabama had to have consent up to the age 800-841-8000.

tive duty for up to 270 days,

The new ruling applies equ-

Navy. In Florida the age was Troy Plans "Showboat" ally to regular or Reserve

has been announced by Phil Kelley, director of Troy State University's opera workshop. The musical will be presented at TSU in Smith Auditorium on July 30th and 31st. "Showboat" is a musical comedy based on the novel by Edna Ferber. It Glenn Havens; Magnolia, Mary Collier; Julie, Margie Dueitt; was adapted for the stage by Joe, Jernigan Sanders; Back-Oscar Hammerstein and Jerwoodsman, Phil Caldwell; Jeb, ome Kern. In the play are many familiar songs such as Dr. Gerald Baxter: Landlady,

"Old Man River," "Make Be-lieve," "Why Do I Love You," The cast of characters in-

cludes: Windy, Ed Walter; Steve, Lamar Rainer Jr., Pete, Bill Spivey; Queenie, Jackie Library To Mann; Parthy Ann Hawkes, Pam McGee; Captain Andy, Dr. Lester Stewart; Ellie, Deborah Lynn Long; Frank, Art Densmore; Vallon, Dr. Brooks Thompson; Gaylord Ravenal, beginning at 3 p.m.

Duke; Jake, Noland Bishop, Charlie, Mike Dueitt; Mother Superior, Sister Mary Edwina

served and a tour of the library the new Army Aviation Center conducted at 3:30. Library at Ft. Rucker is sche-duled for Thursday (June 27) Located on 5th Avenue, near the intersection of Headquarters Road and Park Drive, the 14,318 square-foot structure has been built at a cost of \$523,092. were photographed at a height between 11 and 12 miles.
